SECTION 8.3

*ISO14001:2015 **ENVIRONMENTAL POLICY**

Greenfield Foods Limited Core business is the grading, packing and distribution of eggs. We supply graded eggs to the major multiples and smaller retailers nationwide.

We are committed to the protection and preservation of our environment by ensuring that our operations do not have a negative impact on the environment. Our Environmental Management System is based on ISO14001:2015 and the Origin Green Sustainability Charter.

To achieve these aims we will:

- Consider all Internal and External environmental factors that affect the EMS and put plans in place so the expectations of interested parties are met.
- Incorporate our system into the strategic planning of the company going forward.
- Work towards sustainability in the company by committing to the Origin green Sustainability Charter
- Comply with environmental legislation and codes of best practice and relevant corporation policies.
- Give commitment to provide resources for continual improvement of the EMS
- Investigate and incorporate, where necessary, areas such as sustainable resource use, climate change mitigation and adaptation, protection of biodiversity and ecosystems
- Eliminate waste going to landfill and greater emphasis on recycling initiatives and materials re-use & recovery
- Improve energy management and reduce usage
- Strive for prevention of pollution and continuous improvement in our environmental performance and continually monitor and audit that performance
- Working towards setting a Net Zero Greenhouse Gas Emissions target and implementing this through Science Based Targets (SBTi)
- Annually review all objectives and targets set
- Advise and train our employees and contractors as necessary to meet our environmental undertakings
- Ensure all our employees are aware of the potential impacts of their activities on the environment
- Communicate this policy to all our employees and to contactors whose services are employed by Greenfield Foods Limited
